## **Lunch and Learn: Industrial Hygiene 101**

**Wednesday,  
October 9,  
2019**

**Are you interested in learning more about industrial hygiene?**

**Have you ever thought about the health of your workers in regards to workplace exposures?**

**Do you need guidance on setting up a sampling strategy for your facility and workforce?**

**Do you need help with controls to help reduce the amount of exposure to your workers?**

**This Lunch and Learn course is designed to inform attendees about the basic requirements and strategies for reducing or limiting personal air/noise exposures. This training covers a variety of industrial hygiene topics including occupational exposure limits, exposure assessments strategies and basic sampling calculations, as well as, discusses the air and noise sampling process.**

**11:00am - 1:00pm**

**Cost: \$35 per person. Includes lunch and training materials.**

**Location: Cabela's**

**1 Cabelas Dr., Triadelphia WV 26059**
