ABOUT THE PRESENTER

Dr. Terry L. Polen

This 6-hour seminar is being conducted in coordination with WVU Industrial Extension/ WVMEP and the WVDEP with Dr. Terry L. Polen, DM, PE, QEP, Ombudsman from the WVDEP.

Some of the topics Dr. Polen will cover:

- Required Permits
- Spill Pollution Control and Countermeasures (SPCC)
- Regulations for Used Oil
- Hazardous and Solid Waste
- Oil & Gas Permitting
- Toxic Release Inventories
- Developing Storm Water Pollution Prevention Plans (SWPPP) & Groundwater Protection Plans (GPP)
- Above Ground Storage Tanks (AST) rules

ABOUT THE SEMINAR

This one day course is designed to inform and guide participants to a better understanding of the required permits by the WVDEP and EPA for West Virginia businesses and manufacturers in air, water, and waste.

Upon completion of this class, you should have a clear understanding of the appropriate regulations applicable to your facility, understand the permit process, develop and implement a compliant SWPPP/GPP, SPCC plan, and/or a Spill Prevention Response Plans (SPRP), in your facility.

If your facility already has a Storm Water Pollution Prevention Plan, or Spill Pollution Control and Countermeasures plan, participants will have a clear understanding of the requirements and possible violations when plans are not properly maintained.
