Advancing Manufacturing with Automation & Robotics

Tuesday, May 7th,
2019

In Partnership With

Do you want to learn more about implementing automation and robotics into your facility?

Learn about:

- Robots and Collaborative Robots options
- Automation and Smart Manufacturing options
- Real world advanced technology solutions to practical manufacturing problems
- Identifying opportunities for automation and robotics in your existing facility

Collaborative robots on-site for demonstrations, hands-on experience, and more.

Time: 8:30AM - 12:00PM

Cost: \$50 per person. Includes breakfast.

Location: BridgeValley Advanced Technology Center
1201 Science Park Drive, South Charleston, WV 25303
